**JOINT STIPULATION AND  
[PROPOSED] ORDER RE: CONTINUING  
FURTHER CASE MANAGEMENT  
CONFERENCE**

Judge: Hon. Edward M. Chen

**STIPULATION**

The parties hereby jointly request that the Court continue the further Case Management Conference set for May 31, 2022 for 30 days, to June 30 or the next available Case Management Conference date thereafter.

The parties had anticipated resolving this matter by May 31, 2022, however, an unforeseen delay prevented a speedy process when Synopsys' forensic expert was delayed in travelling to Dolphin Technology's Vietnam site due to Covid restrictions. The forensic imaging and inspection were therefore only just completed there, and the results are being processed. The parties therefore anticipate being in position to discuss the necessary licenses for Dolphin Technology's San Jose and Vietnam locations in the next weeks. Given that we continue to work cooperatively together and our progress thus far and in anticipation of further cooperation, the parties jointly request that the May 31, 2022 Case Management Conference, and all attendant due dates, be continued for 30 days to June 30, 2022 or the next available Case Management Conference date after June 30. Such continuance will allow the parties the time necessary to complete the forensics and negotiate the necessary licenses for both Dolphin Technology sites.
